

MOTOTRBO™ XPR™ 3000e SERIES

YOU'RE MORE PRODUCTIVE, CONNECTED

With this dynamic evolution of MOTOTRBO digital two-way radios, you're better connected, safer and more efficient. The XPR 3000e Series is designed for the everyday worker who needs effective communications. With systems support and loud, clear audio, these next-generation radios deliver cost-effective connectivity to your organization.

CONNECTED

The MOTOTRBO XPR 3000e Series is a family of DMR-standard digital radios that delivers operations-critical voice communications. Bluetooth® audio lets you talk without wires and integrated Wi-Fi• enables remote software updates, giving you complete control of your radio fleet. With support for basic trunking as well as legacy analog technology, you can keep your organization connected as it grows.

SAFE

The XPR 3000e Series is designed to enhanced safety in your organization, with the rapid response capability of instant push-to-talk communications. Even if a worker is unresponsive, you can remotely activate the radio to check status ensuring your worker is safe. Privacy options are available to protect your communications, and radios can be remotely disabled if they are misplaced. New HazLoc models are available for use in areas where flammable or explosive materials are present.

EFFICIENT

With new noise cancellation technology and improved clarity, the XPR 3000e Series delivers excellent audio quality to make your workplace communications clearly intelligible. The latest energy technology delivers up to 28.5 hours of battery life for 3-shift working, and the optional IMPRES Over-the-Air Battery Management tool helps you maximize battery lifetime. An improved receiver boosts range by up to 8%, allowing you to reach further than ever.

WHAT'S NEW IN THESE NEXT GENERATION RADIOS

- Integrated Wi-Fi®
- Over-the-air software updates
- Bluetooth® 4.0
- Enhanced audio quality
- Improved expandability
- Better battery life (up to 28.5 hours)

MOTOTRBO™ XPR™ 3000e SERIES
DIGITAL TWO-WAY RADIOS

REMOTE SPEAKER MICROPHONES

Improve usability with a Remote Speaker Microphone (RSM). Choose from standard, heavy duty and noise-cancelling models, with or without secondary earpiece connector.

ENERGY SOLUTIONS

Make sure your radio is powered and charged properly, with our range of energy solutions. Choose from single and multi-unit chargers, and slim and high capacity batteries.

CARRY SOLUTIONS

However you choose to wear or carry your radio, we have a solution for you. From leather cases to belts and belt clips to bags, straps and pouches.

HEADSETS

In a noisy workplace, you need to protect your workers' hearing. Whether it's heavy duty noise reduction or innovative temple transducer technology, our headsets can help.

COVERT ACCESSORIES

When you need to stay in touch discreetly, choose from our range of covert audio accessories. From clear tube earpieces to virtually invisible wireless in-ear units.

VIBRATING BELTCLIP

When it's unacceptable to miss calls in a noisy environment, equip your radios with a powerful vibrating belt clip for an extra physical alert.

For details on these and other XPR 3000e Series accessories, please download the [MOTOTRBO Professional Accessories Catalog](#).
